01

Introdução

HOME

Contexto

- Cada vez existe mais carros
- São Paulo é a capital do Brasil
- Existe uma grande quantidade de carros rodando
- É muito provável que mais carros venham a surgir

02

Problemática

HOME

Por que isso importa?

- Muita poluição
- Maior tempo de transporte
- Maior desconforto no transporte para quem usa transporte público
- Menor qualidade de vida
- Mais problemas de saúde

03

04

Objetivo Geral e específico

HOME

The background of the slide is a stylized illustration of a car's interior from the driver's perspective. At the top center is a rearview mirror with a small red indicator light. Below it, centered on the slide, is a block of white text. Further down is a yellow rectangular box containing the text 'Objetivo Geral'. At the bottom of the slide, there is a dark grey dashboard with two circular gauges on the left and right, each with a red needle. The steering wheel is visible on the left side, and the bottom right corner shows a portion of a gear shift or handbrake.

Desenvolver um aplicativo de mobilidade urbana inteligente que utilize dados em tempo real para otimizar rotas de transporte privado, promovendo caronas compartilhadas de forma eficiente e sustentável na cidade de São Paulo.

Objetivo Geral

Objetivos Específicos:

O1

Facilitar a Conexão entre Usuários: Criar uma plataforma intuitiva que permita aos usuários se conectarem facilmente com outros indivíduos que desejam compartilhar caronas, reduzindo o número de veículos nas ruas e diminuindo o congestionamento.

O2

Otimizar Rotas com Dados em Tempo Real: Integrar tecnologia de geolocalização e algoritmos de otimização de rotas para fornecer trajetos eficientes e em tempo real, economizando tempo e combustível para os usuários.

O3

Promover a Sustentabilidade Ambiental: Incentivar o uso de caronas compartilhadas como uma alternativa sustentável ao transporte individual, contribuindo para a redução da emissão de gases poluentes e melhorando a qualidade do ar na cidade.

Objetivos Específicos:

O4

Melhorar a Segurança dos Usuários:
Implementar funcionalidades de segurança, como verificação de identidade, avaliações de usuários, e um sistema de emergência que permita aos passageiros e motoristas comunicarem-se rapidamente com as autoridades em caso de necessidade.

05

Metodologia

HOME

Metodologia

aplicada e descritiva

- A pesquisa aplicada pois visa resolver problemas específicos da mobilidade urbana, utilizando tecnologias para otimizar rotas de transporte e promover caronas.
- A descrição detalhada dos procedimentos adotados ajuda a compreender o desenvolvimento do aplicativo.

Contents of This Template

Here's what you'll find in this **Slidesgo** template:

1. A slide structure based on a company profile presentation, which you can easily adapt to your needs. For more info on how to edit the template, please visit **Slidesgo School** or read our **FAQs**.
2. An assortment of graphic resources that are suitable for use in the presentation can be found in the **alternative resources** slides.
3. A **thanks** slide, which you must keep so that proper credits for our design are given.
4. Several **resources** slides, where you'll find links to all the elements used in the template.
5. **Instructions for use**.
6. Final slides with:
 - The **fonts and colors** used in the template.
 - A selection of **illustrations**. You can also customize and animate them as you wish with the online editor. Visit **Storyset** to find more.
 - More **infographic resources**, whose size and color can be edited.
 - Sets of **customizable icons** of the following themes: general, business, avatar, creative process, education, help & support, medical, nature, performing arts, SEO & marketing, and teamwork.

You can delete this slide when you're done editing the presentation.

Instructions for use

In order to use this template, you must credit Slidesgo by keeping the **Thanks** slide.

Medical Icons

A 6x6 grid of 36 business-related icons. The icons are arranged in six rows and six columns. The first row includes a clipboard, a gear with a person, a clock, two diamonds, a coffee cup, a globe with a person, a person with a sunburst, and an airplane. The second row features a medal, a balance scale, puzzle pieces, a globe with arrows, a handshake, two people with a speech bubble, a group of people, and a stopwatch. The third row shows three binders, a document with a ribbon, a shopping cart, three people, a target with people, a shield with a dollar sign and signal waves, a bar chart, and a line graph on a stand. The fourth row contains a person with a bar chart, a laptop with a person, a person with a speech bubble, a target with an arrow, a chess knight, three chess pawns, a document with a checkmark, and an eye. The fifth row displays a gear with a percentage, a notebook, a megaphone, a folder with a person, a factory, a clipboard with a checkmark and 'x' marks, a magnifying glass over a person, and a hand holding three coins. The sixth row shows a person in a location pin, a paperclip, puzzle pieces, a calendar with checkmarks, a laptop with a gear, two interlocking gears, a pie chart, and a trophy. The final row consists of a briefcase, a classical building, a rocket, a ship's wheel, a money tree, an ID card, a shield with a dollar sign, and a dollar sign with a gear.

A large grid of 100 business-related icons in a light blue color, arranged in 10 rows and 10 columns. The icons represent various concepts such as communication, teamwork, strategy, and technology.
